

A mobile app for  
restaurant operators who  
want control over their  
food stock.

Marie ERP FoodSecure

MY

## Where is your food going?

- Food stolen
- No idea on what's thrown out
- Stock tracking done on paper or memory
- Overserve customers

### Why use this app?

#### Secure food stock

Track every item from the moment it enters storage. Like a bank statement for your food!

#### Reduce wastages

Measure what's being wasted - during prep, cooking or storage. Know about plate costs.

#### Easy to use

Made for kitchen staff. Cannot be any easier!

### Secure payback

#### Monthly food cost

RM 50,000

#### Food losses

from overserving, stock wastage and leakages

10% | RM 5,000

#### 1% target

monthly savings from securing stock and profitable servings

+ RM 500

App Returns

12.5x

Free for 30 days. No credit card required.

MY

Then use from as low as RM 40 per month.

**Download the app, and try for free.**

Watch the demo on YouTube.
